

Michigan Bison Association

May 2015

Dear Bison Producer,

As you may have heard the Bison industry is growing here in Michigan. We, the board of directors of the Michigan Bison Association are working hard to focus on new opportunities to grow our industry here in Michigan, create new partnerships and strengthen our relationships with Michigan Bison Producers. We are focused on developing education opportunities for our members, discount and funding models, and fostering a very strong relationship with the National Bison Association.

To make all this work, we need your voice to be heard and for you to participate. We now hold monthly member calls and continue to hold live, highly educational meetings twice per year. Our website is being overhauled and we are working on new more encompassing by-laws to ensure members are more involved and we are more current with the needs of our membership and current state regulations. Our next Educational Series and live meeting is August 29 in Cheboygan, MI at the Michigan Bison Bash and Educational Series – Fun for the whole family all day long. Check the web for details on this event, our monthly calls and more.

We invite you to participate. By simply filling out and returning the form below you will be part of the movement to make Michigan “The place to raise Bison”. Please see our attached flyer for more information.

Right now, two people (husband/wife or Owner/employee) can both join for the price of one. Our annual membership fees are \$50, however, for the remainder of the year they will be \$50 for two people from any one ranch operation. This will include all member benefits and educational opportunities along with the ability to help us grow the Bison business here in Michigan.

We look forward to your joining the Michigan Bison Association.
